PRIVATE CHEF, STAFF AND LODGE MANAGER

IN THE HEART OF TRIGLAV NATIONAL PARK
AT 1,259 METERS

Jakob’s Lodge sits where the forest meets the mountains, embraced by the wild calm of the Julian Alps.

Here, nature is always at your doorstep. The scent of majestic spruces drifting from the woods and the soft sway of treetops framing every sunrise.

Yet inside, every detail is crafted for comfort. Warm textures, natural materials, thoughtful lighting and a sense of quiet luxury create a space where you can unwind, reset and feel truly taken care of.

MAIN BUILDING

The **basement level** houses a professional kitchen operated by a private chef and a dedicated service team, as well as a common bathroom.

Main floor

The main floor features the principal entrance, Suite 1, and a spacious common area with a bar, dining area, and lounge. The lounge and dining area are enhanced by a fireplace. The lounge also features the only flat-screen TV in Jakob's Lodge, ideal for cozy movie nights.

Elevator access is available on this level, along with side doors leading to a path that connects the main lodge to the wellness building. A terrace adjoining the dining area offers a fire grill and garden furniture, perfect for outdoor gatherings.

First floor

The first floor includes the luxury junior suite and three luxury suites, all with en-suite bathrooms. This floor is accessible by both stairs and an elevator.

Second floor

The second floor features one of our most spacious luxury suites, accessible by stairs from the first floor.

Comfort & amenities

All floors are equipped with underfloor heating and complimentary wireless internet access.

The property offers private parking, secured by an electric ramp and CCTV. A dedicated room for ski equipment is available, along with the option to store and charge bicycles indoors overnight.

Jakob’s Lodge is perfectly comfortable for 12 guests; however, we can accommodate up to 22 guests.

The property features five spacious luxury suites and one luxury junior suite, each uniquely designed in size and layout, but all offering the same standard of comfort with an en-suite bathroom.

Five of the suites are also equipped with a sofa that can be converted into a comfortable sofa bed, allowing us to increase the total capacity.
